

Charitable Gift Annuity Rates

The income you receive from your charitable gift annuity is determined by the amount of your gift and your age(s) when you make the gift. For rates at specific ages, see the table below. For two-life annuity rates and other information, including charitable deductions, please use our [Gift Annuity Calculator](#), or [contact us](#) at legacy@kqed.org or 415.553.2230.

KQED uses the annuity rates approved by the American Council on Gift Annuities (ACGA). The ACGA reviews their rates at least every year, and they are subject to change.
