Donated by CasaMagna Marriott Puerto Vallarta Resort & Spa, Puerto Vallarta, and AeroMexico. Value: Up to \$8,250.

Nestled between the majestic Sierra Madre Mountains and the Bay of Banderas, the newly renovated CasaMagna Marriott Puerto Vallarta Resort & Spa is one of the 100 World's Best Hotels, as designated by *Condé Nast Traveler*. The property recently unveiled its \$10.7 million renovation designed to enhance guests' experiences. The overhaul fuses authentic Mexican design with contemporary style and touches on virtually every aspect of the hotel, including all 433 guest rooms and 29 suites, common areas, banquet facilities, meeting rooms, and the property's main restaurant, La Estancia.

CasaMagna Marriott Puerto Vallarta offers guests an insider's view of the local culture and traditions by way of its "Secretos de la Familia" program. The resort harvests its own agave on the grounds and produces its own proprietary brand of tequila. In addition, the fresh agave is used in relaxation treatments at the resort's Ohtli Spa.

The most spacious (22,000 square feet) and luxurious resort spa in Puerto Vallarta, Ohtli offers a number of treatments incorporating local traditions and ingredients.

Luxuriate in a five-night stay for two, including daily breakfast buffet and one spa treatment per guest. Enjoy casual or fine dining. Work out in the gym or relax in the infinity edge oceanfront pool with swim-up bar. The hotel also offers whale-watching (in season), a sea turtle rescue program, scuba diving, golf, and more. Nightly cigar rolling demonstrations and folkloric shows highlight local culture.

AeroMexico is providing round trip, economy class air travel for two from San Francisco or any of their gateways in the U.S. or Canada to Puerto Vallarta. AeroMexico offers free in-flight meals and beverages, including beer and wine. **AeroMexico – Travel the world.**
