KQED Public Radio’s Program HEALTH DIALOGUES Looks at Health Care Reform

WHAT: *Health Dialogues* (www.healthdialogues.org), a special monthly report airing as part of KQED’s statewide news program *The California Report* and hosted by Scott Shafer, engages listeners in an on-going discussion of California health care issues that are crucial to the state’s under-served population.

JUNE TOPIC: Healthy Ideas: Californians Weigh In on Health Care Reform
What should health care reform look like? Join the June edition of *Health Dialogues* as we ask California health care providers, patient advocates, employers, insurers, and others how they would tackle this question, both generally and as it relates to our state in particular. *Health Dialogues* launched an interactive online project exploring these same issues. Through July 1, go to <http://healthdialogues.org/healthyideas> to join in on a discussion, started by California’s leading experts, on health care reform.

WHEN: On KQED Public Radio 88.5FM San Francisco, 89.3FM Sacramento, Thursday, June 18 at 8pm, repeat broadcast Saturday, June 20 at 2pm and on various public radio stations throughout the state:
